

BUILD - a - BIKE

Team Building 4 Children's Charity

The **Build-a-Bike for a Child** Team Building & Corporate Social Responsibility (CSR) Charity event is an intelligent team activity. Groups are divided into teams to solve specific activity challenges in order to build bicycles for children, resulting in a special gift to a deserving child! Pictured is Tamara from Barnardos beaming smile on receiving her bike.

This is an original bicycle team building concept with corporate social responsibility, sustainability, worthy cause & local community involvement. Each team completes a series of fun team activities in order to acquire the resources that they need part by part to build children's bicycles. Activity Challenges facilitated indoors or along an outdoor journey with fun team challenges at checkpoints, collecting bike parts to accomplish the ultimate goal - a terrific & well built bike to be donated!

The Underlying foundation is each component of a team and company is interdependent as is a bicycle. Achieving results by working collaboratively rather than siloed. *"When we work together, we accomplish more - faster with greater ownership and responsibility of the outcome, enjoying the process to achieve a worthwhile result!"* Pictured: **Team Building Bikes for Barnardos, Salvation Army and Various Children's Charities Employers Mutual, CBA, Novartis, Fuji Xerox, Canon...**

Timing, content, locations as required. Guest speakers available. **Build-a-Bike** engages both mind and whilst enjoying the results of teamwork for a worthy cause.

Team Integration - Where Building is a real metaphor.

- * Brainstorm, Prepare and Plan
 - * Communicate effectively as a team
 - * Identify & Incorporate personal strengths talents, abilities & skills.
 - * Realisation when a team works together, they accomplish more for the good of community & supporting worthy causes.
 - * Problem solving
 - * Collaborate skills
- * Enjoy excellent fun or full facilitation in the build-a-bike process.
 - * Timings to suit your requirements from 1hr.
 - * Full day combinations of Build-a-Bike, Team Construct, Leadership, Amazing Races or Create an inspiring Team Culture can be selected.

Suggested **Build-a-Bike** Agenda

- * Icebreakers, Team members learn about each other and themselves in fun fast-paced games designed to organise your team into smaller groups.
- * Team activity challenges can lead teams outdoors, or stay within.
- * Solve inter team activities to acquire components and tools to build the bikes.
- * Groups discover that in order to succeed, they are not competing with each other, but against scarce resources, negotiating to acquire the correct parts.

BUILD - a - BIKE Team Building

- * Whilst bikes are being built creative gift cards are created by colleagues using textiles & craft to attach with a special message.
 - * At the conclusion of **Build-a-Bike**, groups present their Quality Controlled (Cycle Mechanic does a full inspection & adjustment on delivery) inspected bicycles to children in need, from a local selected charity such as The Smith Family, Salvation Army, Camp Quality, Children's Foundation, Barnardos, Red Cross... Or have your team select your deserving charity.
 - * A fun, active & responsible corporate team building choice. Professionally facilitated anywhere within Australia & New Zealand!
