SUMATRAN TIGER

This endangered tiger is found only on the island of Sumatra. Like most cats, it is solitary and hunts alone for wild pig, deer, reptiles and birds.

SUMATRAN ORANG-UTAN

These solitary, tree-dwelling apes live in the tropical rainforest of Sumatra, feeding mainly on fruit. At night each orang-utan makes a fresh sleeping nest high in the trees, and may rest in another smaller nest during the day.

Team Roles rotated at checkpoints ensuring equal input team tactics of survival, strategy, wits and cunning.

CONFIDENTIAL AND SECRET.

Once chest is secured and found everyone reunites within Taronga Zoo outdoors or conference venue.

Teams attempt to unlock the chest & reveal The Taronga Zoo Holy Grail but can they do it alone?

Grande Finale – incidents shared, debriefing & prizes are provided with Panache!

With a 10 minute debrief by facilitator linking in key outcomes. A winning team combination!
