RECENT REFERENCE:

The Get Group Amazing Race around Sydney was a fantastic way for our team to end a successful year. This was a national gathering for our team and the first time many of the staff had met each other face to face. We were looking for an event which would let us get to know each other better, have fun and let the competitive spirit run wild... and the Thrill team delivered! The staff were friendly and flexible with our requests for the program, and the event ran to the planned schedule (even with planes and weather to try and get in our way). A great way to end the working year... thanks to the team at Thrill Events for making it so much fun!
